

CITY OF WILLIAMSPORT HOME BUYER ASSISTANCE PROGRAM

The City of Williamsport is offering an opportunity to eligible households interested in becoming HOMEOWNERS! A program enhancing ownership prospects and facilitating homeownership for eligible households is available. This program can provide up to 20% of the home purchase price as 0% interest, deferred repayment **gap financing**.

Homebuyer II – GAP Program Quick Facts

The Applicant (the buyer)

- The applicant (including income from all household members) must be income eligible (see the Household Income limits below), meet credit and banking requirements, and need our funds to make the sale work.
- The applicant must obtain first mortgage financing from an accredited financial institution and must seek the maximum funding reasonably available from other sources before City funds are committed.
- The applicant must contribute an amount equal to *at least 4%* of the purchase price for associated costs.
- An approved applicant must attend an approved homebuyer or pre purchase homebuyer or counseling session.
- The Home must become and REMAIN you primary residence.

The Home

- The home must be located within the City of Williamsport Corporate City limits,
- The home must be a single family home. Rental properties are excluded from the program.
- The home must be in good condition, with **no peeling or chipped paint**, have a sound roof and wall structure, show no visible hazards or safety violations, have at least one smoke alarm per floor, handrails on all steps, and have a minimum 100-amp electrical service with GFCI in bath, kitchen & exterior. The major systems must have a useful life of at least five years. The Community Development Office will make a walkthrough inspection to verify these minimum standards but we strongly recommend you have an accredited Home Inspection firm conduct a thorough inspection.
- The property must have a sale price that is affordable to the applicant and does not exceed the HUD housing value limit for Williamsport. Seller's assists will be considered but are discouraged and sometimes are not acceptable.
- The property **must become and remain** the buyer's **primary residence** for the agreement term and life of the city lien.

The City Program

- City funds provide second mortgage “G A P” financing. A financing gap can occur when the home you want to buy costs more than you can reasonably afford and more than your lender is able to commit to you. City funds can help fill the gap. City funding cannot exceed 20% of the purchase price of the house.
- City gap funds are offered as a 0% interest, deferred re-payment loan. Payment on the city funds is due 25 to 30 years after the purchase, **or** if the property is sold or transferred anytime during the required period, **or** if the property is no longer the buyers primary residence. No monthly payment is required.

CURRENT ANNUAL INCOME

Annual Income is the annualized gross income of a household. Gross monthly income is the sum of monthly gross pay; and any additional income from overtime, part-time employment, bonuses, dividends, interest, royalties, pensions, Veterans Administration (VA) compensation, net rental income, etc.; and other income (such as alimony, child support, public assistance, sick pay, social security benefits, unemployment compensation, income received from trusts, and income received from business activities or investments).

EXAMPLE OF PROGRAM PARTICIPATION

Property purchase price: \$80,000
 Bank Commitment: \$64,000 (maximum affordable to this buyer based on income, PITI...)
 The GAP is: \$16,000 plus closing costs

The City program can help fill the **GAP** with a maximum allowable amount of \$16,000, which is 20% of the purchase price.

A minimum 4% buyer cash contribution is required, in this example \$3,200, for costs such as deposit, fees, insurance, inspections,...)

Housing is central to the economy - it employs people, creates demand for local products & labor & pumps money into the economy. HUD housing programs provide a big bang for just 3% of the total federal budget. These programs bring affordable homes, foreclosure prevention, home rehabilitation and homelessness services to our community.
