City Hall 4 All Joint Committee Meeting

August 30, 2021

1:15 PM

Attendees: Jay Harner, Derek Slaughter, Jon Sander, Misty Dion, Brian Patchett

Meeting started at approximately 1:15

The first topics of discussion were Janetta Green as the ADA/consent decree coordinator and Mark Derry and his role as Accessibility consultant. The discussion revolved around the citywide review of policy and procedures. Also a work plan to include River Valley transit and trade in transit for both buildings one and two.

The contracts for both individuals are in the process of being finalized and becoming formal with the subcommittee meetings next week and the City Council meeting taking place on September 9.

It was also discussed to give RTFCIL the ability to see the contracts and what they include. After a short back-and-forth, the mayor said he would speak with the Will (lawyer) and let us know what legally they are allowed to do about this request.

The City is still on track for the disability sensitivity training for the last week in September. Employees from the city are signed up and the mayor will be sending out the numbers of each session in the near future.

There was a quick discussion of the new website and the updates the City has made for an accessible website with the assistance from North Central Sight Services.

The meaning adjourned at approximately 2 PM
