NEW
  1. **754 Grace St** – The work to be done is to remove the two abandoned chimneys. Both are in disrepair and one has significant lean. We are concerned for the safety of the house and neighboring house. We propose to remove the chimneys below the roof line and shingle over the openings. We also are going to repair the existing gutters that are missing. – 754 Grace Street
  2. **730-732 W. 3rd St** – City of Williamsport Codes Department inspected property and is requiring owner to replace windows in front with new casement windows that open for life safety purposes. Owner is requesting to replace other windows to be consistent with pattern and material. The new windows will look like the old windows. There are virtually no windows that contain the original “wavy” glass; all windows have thin glass.
