- 17) Certificates of Appropriates – HARB

700 W 3rd Street – Jody Rogers – Cover Rear west wall and north wall and one east rear window of building with Dryvit Outsulation to match south, front west and front east wall. Dryvit will cover existing block. (2) Remove existing 84' of sidewalk and replace with new concrete.

730-732 W 3rd Street – Mirabito Properties - Move the stairs from the side of the building to the center of the porches as shown on attached rendering. The west concrete stairs currently descend to a driveway and will be removed. The porch railing will wrap around and meet the building on the west side. (2) Construct wood stairs in front of the porch. Other buildings on the block have the stairs in this location. Reinstall existing handrails. (3) Construct a ramp for handicap access along the east side of the building. The width and setback to be determined from survey. The height of the roof will be approximately 12 1/2 feet from the ground. The fascia and rafters will blend into the existing porch roof line. Applicant has constructed similar handicap ramps at 708 W. Third Street and 710 W. Third Street.

928 W 3rd Street – Wes Smollinger -The north garage 3-tab roof shingles to be replaced with Owen-Corning Oakridge Estate Laminated Architectural Roof Singles. The 3-tab shingles and roofing felt to be removed and waste put in roll off container by homeowner. The homeowner will underlayment, drip edging, starter strip shingles and architectural shingles. Homeowner will check into permit after HARB meeting process outcome.
- 18) Accept for filing
 Public Works 04/29/23 & 5/09/23
