MEMORANDUM

TO: Members, Williamsport City Council

FROM: Joseph Pawlak, Budget & Fiscal Officer

RE: Resolution Approving a Funding Proposal for the Allocation of Residual UDAG funds

DATE: September 10, 2010

Attached for your consideration is a resolution to amend a funding proposal for the residual Urban Development Action Grant ("UDAG") monies adopted by Resolution 7876.

Under the funding proposal adopted in Resolution 7876, the Administration proposed:

- Additional CBD Revitalization Efforts ($105,000), including additional engineering services and down payments for two sales options for a property at 233 East Third Street as part of the William Street Redevelopment Plan, Phase I.
- Pine Street Redevelopment Grant ($20,000), granting funds for adaptive reuse of three buildings on Pine Street more commonly known as the Varsity Shop, Worths and Brozmans. This $2.0 million project will transform the buildings into mixed use structures containing restaurants, office space and residential components.
- CBD "Green" Enhancements ($29,629), providing funds for items or actions that promote "green" lifestyles. This broad classification will allow City Council and the Administration to introduce "green" enhancements into to Central Business District; for example, bike racks.

Currently, the Administration is requesting to amend the funding proposal in Resolution 7876 by adding the following items:

- Repairs to the Brandon Park Bandshell ($11,979), providing funds for urgently needed repairs to the rear façade of the Bandshell. As noted in the attached memorandum,

We ask that $11,979 be removed from the CBD "Green" Enhancements and transferred to the new projects listed above.

This Resolution is scheduled to be reviewed by the Finance Committee at their September 14th meeting. Please call me at 327-7570 with any questions.
