MEMORANDUM

TO: Mayor Gabriel J. Campana and Members of City Council

FROM: Mark J. Benner

RE: RESOLUTION REQUESTING AN ACT 13 HAZARD MITIGATION GRANT.

DATE: **May 21, 2019**

The City of Williamsport is pursuing and therefore requesting an ACT 13 Hazard Mitigation Grant to be used for engineering and construction costs associated with the remediation of those identified high priority deficiencies on the cross pipes located in the Northwest section of the levee.

This grant is in the amount of \$440,679.00 which is what the estimated costs will be to complete this restoration according to attached Exhibit 2 of the Wood Feasibility Study. The Act 13 Grant will be funded through the Commonwealth Financing Authority.

This grant requires a 15% match which the City has satisfied all but \$4,701.00 through Change Order #3 to the MSA between the City and Wood (Resolution #8861 dated 3/14/19). The unsatisfied portion of the required 15% match will be taken out of the 2019 ACT 13 fund budget.

This project is ranked as the #1 economic priority in the Greater Williamsport Alliance Comprehensive Plan and the #2 economic infrastructure priority for SEDA-COG, which covers a vast 11 County Region in Central Pennsylvania.

The deadline for the ACT 13 Grant application submission is 31 May, 2019 therefore I am requesting that action be taken on this Resolution before the full body of City Council on Thursday, May 23, 2019.
